WHAT IS THIS NEW BUILDING?

At the entrance to Pearly Beach, opposite the Rooibier, a small new building is attracting a lot of attention. The building will be shared between the Pearly Beach Conservancy, that will use their section as a Herbarium, and the Green Cross, that will use their section as an emergency medical facility. Both facilities will be to the benefit of the local community, as well as visitors to Pearly Beach. The whole community is eagerly awaiting the completion of this new, much needed facility. After years of negotiations and fund raising efforts, the Pearly Beach Conservancy wants to thank Overstrand Municipality, our ward councilor, Dudley Coetzee, and the Pearly Beach Ratepayers Association for the joint effort to construct this building to serve our community. This building will indeed be a huge asset to Pearly Beach. As a joint effort

between the Conservancy and the Ratepayers Association a village green and fynbos garden will be developed adjacent to the new Herbarium and the whole project will help to beautify and enhance the appearance of our village. Watch this space for the date of the inauguration of the building. This will be an event not to be missed and the whole community is invited to attend!

For further information, please phone Gerald Henrici on 028 381 9587.

VIR PLASING GEDURENDE FEBRUARIE 2013
